I'm proud of our meat!

John Costello, Box Boy at Food Giant/Lynwood

I've never seen anything like the service that the meat cutters give you in our meat department! Just ask them about any kind of meat, how to cook it, how much to buy—they've got all the answers! I hear about it all day long, when

I deliver groceries to the customers' cars. A lot of our customers also tell me that really good meat and service makes a big difference in where they shop, and man—ours is the greatest! Can you blame me for bragging!

**475,181 Signatures Certified For Senate Reapportionment**

Senate Reapportionment signatures totaling 475,181 were certified by County Clerks-Registrar of Voters to the Secretary of State yesterday. This was 54,718 over the 420,462 signatures required to qualify the initiative constitutional amendment for the November 6 ballot.

An all-time record was set when nearly 600,000 signatures were gathered statewide in the 60-day "crash" campaign launched April 19—an average of almost 10,000 signatures per day.

"We are confident Senate Reapportionment will have statewide support in the November general election because it treats every population center equally, and does not deprive any of the counties of their present representation in the State Senate," stated Los Angeles County Supervisor Frank G. Bonelli. "Thus by initiative, applicable to California, we can contend with the intent of the United States Supreme Court decision and accomplish fair and equitable reapportionment of our state's upper house without having to resort to federal court litigation such as contemplated by other states."

The present Senate reapportionment plan, adopted in 1926, allows 40 Senators for the state's 58 counties, with no Senator representing more than three counties or no county having more than one Senator. Under this plan Los Angeles County with a population of over 6,000,000 is entitled to only one Senator. Southern California with 62 per cent of the state's population is now represented by only eight Senators, while 32 Senators represent the remaining 38 per cent of the people in Northern California.

The proposed Senate Reapportionment amendment would increase Senate membership by 10 for a total of 50 Senators. Of the additional members, five would come from Los Angeles County, and one from each of the counties of San Diego, Orange, San Francisco, Santa Clara, and Alameda. It is a modification of the plan recently adopted in Colorado where it has been highly successful. And it conforms with recent decision of the United States Supreme Court regarding States' reapportionment.

**'Japan' Lecture Initiates Series**

"A Critical Study of the Far East," a series of six lectures, began at Gardena Adult School last night at 7:30 p.m. with Dr. Thomas B. W. Allen, noted lecturer on foreign affairs.

The first lecture topic, "Japan," covered economic recovery, social changes and political influences.

The series will include the following topics: July 17—Korea; July 24—China; July 31—Siam and former Indo China; August 7—Indonesia; and August 14—India. All lectures will be illustrated with slides, or sound and color film.

No registration is required to attend the lecture series. The public is cordially invited.

**DIVIDENDS**

Cash dividend payments to common shareholders of companies listed on the New York Stock Exchange in the first quarter of 1962 set a new high for the 20th consecutive year. Total payments for the three months came to \$2,655,678,710, a gain of 6.4 per cent over disbursements made by the same companies in the comparable period a year earlier.
